

**RADO SERVICE PRICE LIST *Denmark***
**COMPLETE MAINTENANCE SERVICE / OVERHAUL**

The complete maintenance service for a watch involves a basic overhaul by a specialist including the following:

- The movement is replaced or in the case of older movements, undergoes a total and traditional overhaul; incl. replacement of the needed parts.
- The case and the bracelet - if possible - are cleaned in an ultrasonic bath.
- The watch is made water-resistant and tested.
- Gaskets, crown or the gasket on the winding stem are replaced.
- For quartz watches: the battery is replaced.
- The watch and the movement are tested for proper functioning and the gears adjusted to Rado quality standards.
- A final technical and aesthetic check is carried out.
